**Instructions for Changes Made to RTM MAIN for this CCR.**

The following instructions are to be used to apply the changes for this CCR to RTM MAIN.

1. The first step is to update the MSS requirements that are to be modified and delete the MSS requirements that are listed to be deleted. After completing the changes QA the results of this task by query to produce the updated MSS requirements with CURRENT\_STATUS = 'current' and visually verify that the changes had taken affect in RTM MAIN.
2. The second step is to update RTM MAIN with the NEW MSS requirements listed in this CCR. Verify that the new requirements are in RTM MAIN and have current status.
3. The finally step is to create the new links for the new MSS requirements from the previous step. Verify that the link(s) for each of the requirements are current in RTM MAIN.
