

### CCRs Implemented In Baseline 10/28/1997

| CCR Number | Revision | Approval Date | CCR Title   | Government CCR                                 |
|------------|----------|---------------|---|--|
| 97-1211    | A        | 10/22/97      | New CLS B.1 L4 ASTER Requirements.  |  |
| 97-1263    | A        | 10/01/97      | Update PGS/IMS text to reflect CH26 of F&PRS  | 505-01-41-113-A                                |
| 97-1275    |          | 9/17/97       | Delete V0 User Authentication Requirements from RTM per 505-41-11-004-A (V0 IRD Rev. A) | 505-41-11-004-A                                |
| 97-1325    |          | 10/01/97      | INS B0 clean up   |  |
| 97-1328    |          | 10/01/97      | B0 Cleanup in ISS, MSS, CSS & DSS.  |  |
| 97-1388    |          | 10/8/97       | Update to Appendix C of the F&PRS   | 505-01-41-154-A                                |
| 97-1389    |          | 10/8/97       | Update to Table E-1 in Appendix E of the F&PRS  | 505-01-41-158-A                                |
| 97-1384    | A        | 10/8/97       | B.0 Response to TAM - EOSD IPs & Equivalent International Systems                       |  |
| 97-1408    | A        | 10/22/97      | B1 INS and DSS L4 Orphans and text modifications  |  |
| 97-1421    | A        | 10/22/97      | Correction of RTM L4 links to RBR and deletions of release C L4 requirements            |  |
| 97-1422    |          | 10/22/97      | New F&PRS (Level 3) and Links to B1 RbRs.   | Based on previously implemented: 505-01-41-129 |

|  |  |          |                             |   |
|--|--|----------|-----------------------------|---|
|  |  |          |                             | 505-01-41-125-A<br>505-01-41-135-D<br>505-01-41-135-D |
| 97-1427  |  | 10/22/97 | B0 Cleanup for<br>IMS RBRs. |   |
| <b>Total: 12</b>   |  |          |                             |   |
| <b>CCRs Correction for previous implementation errors</b>                    |  |          |                             |   |
| 97-1090B   | Duplicate requirement ICC-4610#B. Deleted requirement with requirement key 9632. No links associated. Updated requirement with requirement key 6177 to identify CCR#.  |          |                             |   |
| C-MSS-36575 was updated after the August baseline, with no CCR.              | This requirement was updated due to a correction made to CCR 97-0938.  |          |                             |   |
| Corrected requirements EOC-2290#B, PGS-0220#B and SMC 21115#B and their L3s. | There was an odd character in place of ‘ . The character was deleted and the ‘ was inserted. They were compared to the F&PRS for accuracy.                             |          |                             |   |
| 97-1089A   | Removed Release “FPB” from Reqt. EOC-2320#B  |          |                             |   |
| 97-1134A   | 1)Removed req_type ‘RMA’ from EOSD3220#B<br>2)Corrected spelling error in clarification text of EOSD3610#B<br>3)Added missing word in clarification text of EOSD3615#B |          |                             |   |
| 97-0537A   | Corrected spelling error in Text of S-DMS-41020  |          |                             |   |
| 97-0575C   | Corrected spelling error in Text of S-DSS-02904  |          |                             |   |
| 97-1079  | Corrected spelling error in Text of S-DPS-20340  |          |                             |   |
| 97-1114A   | Corrected spelling error in Text of C-MSS-36490  |          |                             |   |
